Virtual Court For Traffic E-Challans Of Police Commissionerate Jaipur

In the current scenario, facilities are provided for litigants to file cases through e-filing and also pay the Court Fees online. However, for adjudication purposes, the litigant may have to appear in person or through a lawyer in court. Virtual Court is a concept aimed at eliminating the presence of a litigant or lawyer in the court and adjudicating the case online without physically holding the court. Traffic challans generated by the E-challan device of police are automatically sent to a virtual court manned by a Judicial Officer.

After the accomplishment of the requisite administrative and technical requirements to set up a virtual court in Rajasthan, the Court of Mobile Magistrate No.2, Jaipur District, has been invested with the jurisdiction to exercise the powers of a virtual court in addition to its existing jurisdiction. Rajasthan's first Virtual Court was e-inaugurated by the Hon'ble Chief Justice on 20.07.2022 in the gracious presence of all the Hon'ble Judges of the Rajasthan High Court. Virtual Court was made live w.e.f. 21.07.2022 as Pilot Project for traffic e-challans of Police Commissionerate Jaipur.
